

## GLIDING PATIO DOORS

Andersen® 100 Series gliding patio doors are made with our revolutionary Fibrex® composite material to give you a patio door that is durable, environmentally smart and energy efficient. 100 Series products are available in deep, rich exterior colors that are low-maintenance and complement virtually any architectural style. Featuring smooth gliding motion on easily adjustable rollers, as well as a multi-point locking system for added security, 100 Series patio doors are a quality alternative to vinyl.

### DURABLE

- Virtually maintenance-free
- Rigorously tested to deliver years\* of smooth, reliable operation
- Fibrex material construction provides long-lasting\* performance
- Durable, low-maintenance finish won't fade, flake, blister or peel\*
- Fibrex material is twice as strong as vinyl

### ENERGY EFFICIENT

- Weather-resistant construction for greater comfort and energy efficiency
- Weatherstripping is designed to seal out drafts, wind and water
- Variety of Low-E glass options are available to help control heating and cooling costs in any climate
- Many 100 Series gliding patio doors have options that make them ENERGY STAR® v. 6.0 certified throughout the U.S.

### BEAUTIFUL

- Clean, attractive corner seams
- Six exterior color options
- Attractive matte finish interiors available in four colors
- Add style with grilles or patterned glass

### EXTERIOR COLORS

White

Sandtone

# 100 SERIES GLIDING PATIO DOORS

Fibrex® material combines the strength and durability of wood with the low-maintenance of vinyl. The wood fibers are reclaimed from our own factories, which makes this product sustainable and environmentally responsible.

## HIGH-PERFORMANCE GLASS OPTIONS

- Low-E glass
- Low-E glass with HeatLock® technology
- Low-E SmartSun™ glass
- Low-E SmartSun glass with HeatLock technology

Tempered glass and other glass options are available. Contact your Andersen dealer.

## PATTERNED GLASS

Ideal for letting light into the home while obscuring vision. Available in four attractive patterns.

## FRAME OPTIONS

1-3/8" flange setback, 1" flange setback with stucco key or replacement configuration.

## ADDITIONAL FEATURES

- Easily adjustable rollers for a smooth gliding motion
- Multi-point locking system for added security

## INTERIOR OPTIONS

## HARDWARE

Tulsa hardware exterior handles match the door's exterior color, while interior handles are white or sandtone to match the interior. Afton hardware has the same finish inside and out, and is available in four finishes.

## AFTON HARDWARE FINISHES

Tulsa hardware matches the exterior and interior color options.

## GRILLES

Choose from the following grille options:

- Finelight™ grilles-between-the-glass
- Finelight with exterior grilles
- Simulated divided light
- Full divided light

All grille options are available in a variety of patterns.

\*Dark Bronze and Black interiors are only available with Dark Bronze and Black exteriors respectively. Printing limitations prevent exact color and finish duplication.
