

Frenchwood® Gliding Patio Doors

Gliding patio doors have at least one door panel that glides smoothly past another door panel to save room where you need it — inside and out. With their wider panel style, Andersen® A-Series Frenchwood gliding patio doors give your home the old-world character of traditional French doors along with the convenience and space savings no hinged door can provide.

DURABLE

- Virtually maintenance-free
- Exterior finish never needs painting and won't flake, rot, blister, peel or corrode*
- Exteriors are protected by fiberglass for long-lasting* performance

ENERGY-EFFICIENT

- Weather-resistant construction for greater comfort and energy efficiency
- Variety of High-Performance Low-E4® glass options available to help control heating and cooling costs in any climate
- Many A-Series patio doors have options that make them ENERGY STAR® v. 6.0 certified throughout the U.S.

BEAUTIFUL

- Eleven exterior color options and a variety of interior options
- Extensive hardware selection, grilles, between-the-glass art glass and patterned glass options

*Visit andersenwindows.com/warranty for details.

*"ENERGY STAR" is a registered trademark of the U.S. Environmental Protection Agency.

Wood Species

Interior Finishes & Painted Options

Shown on Pine. Available on Pine, Maple and Oak only.

HARDWARE STYLES

*Actual wood is sapele, a non-endangered species of mahogany, grown in Africa, with color and characteristics of American mahoganies.

Printing limitations prevent exact duplication of colors and replication of finishes. See your Andersen dealer for actual color and finish samples. Naturally occurring variations in grain, color and texture of wood make each window one of a kind.
