

Push Out Awning Windows

Andersen® E-Series push out awning windows come in custom colors, unlimited interior options and dynamic sizes and shapes. Every E-Series push out awning window is made to your exact specifications, giving you unmatched freedom.

DURABLE

- Virtually maintenance-free
- Exterior thick extruded cladding resists the elements of inclement weather, abrasion and impact.*
- Solid wood interiors in infinite possibilities for the strength your design needs in the finish

ENERGY-EFFICIENT

- Weather-resistant construction for greater comfort and energy efficiency
- Weatherstripping is designed to seal out drafts, wind and water
- A variety of Low-E4® glass options are available to control heating and cooling costs in any climate
- Many E-Series awning windows have options that achieve ENERGY STAR® Version 6.0 certifications in all 50 states†

BEAUTIFUL

- Fifty standard exterior colors, seven anodized finishes and custom colors
- Ten distinctive wood species, eleven interior finishes and custom interiors
- Extensive hardware selection, grilles, between-the-glass art glass or patterned glass

*Visit andersenwindows.com/warranty or contact your Andersen supplier for details on the E-Series Limited Warranty.
†Visit andersenwindows.com to verify that the product and glass type are ENERGY STAR® certified in your area.
ENERGY STAR is a registered trademark of the U.S. Environmental Protection Agency.

INTERIOR OPTIONS

Wood Species

Interior Finish Options

EXTERIOR COLOR OPTIONS

HARDWARE FINISH OPTIONS

*Actual wood is sapele, a non-endangered species of mahogany, grown in Africa, with color and characteristics of American mahoganies.

Printing limitations prevent exact duplication of colors and replication of finishes. See your Andersen supplier for actual color and finish samples. Naturally occurring variations in grain, color and texture of wood make each window one of a kind. All wood interiors are unfinished unless a painted interior is specified.
